Carer household—care authorisation type

Identifying and definitional attributes

Metadata item type: Data Element Concept

METEOR identifier: 531710

Registration status: Community Services (retired), Recorded 20/03/2014

Children and Families, Standard 22/11/2016

Definition: The type of care the carer household has authorisation to provide.

Object Class attributes

Identifying and definitional attributes

Object class: <u>Carer household</u>

Definition: A 'carer household' is a private household containing one or more carers:

who have undergone the relevant screening/selection and approval process;

and;

 who have received authorisation from the relevant department or agency to enable a child to be placed in their care, including carers who have received

provisional authorisation; and

 for whom reimbursement is available from a government authority or nongovernment organisation for expenses incurred in caring for the child; and

• who are part of an ongoing review process.
