- [Community Services \(retired\)](#), Recorded 20/03/2014

Definition: An indicator of whether a carer household was a newly formed household.

Object Class attributes

Identifying and definitional attributes

Object class: [Carer household](#)

Definition: A 'carer household' is a private household containing one or more carers:

- who have undergone the relevant screening/selection and approval process; and;
- who have received authorisation from the relevant department or agency to enable a child to be placed in their care, including carers who have received provisional authorisation; and
- for whom reimbursement is available from a government authority or non-government organisation for expenses incurred in caring for the child; and
- who are part of an ongoing review process.
