Definition: The type of profession for which a professional entry health professional student is studying to qualify.

Object Class attributes

Identifying and definitional attributes

Object class: [Professional entry health professional student](#)

Definition: A person who is undertaking a course to gain an initial qualification to practice as a health professional in Australia.

Specialisation of: [Person/group of persons](#)

Collection and usage attributes

Guide for use: Professional entry health professional students include any person commencing or undertaking a course in a higher education facility - including those offering Vocational Education Training (VET) - where the course is required for initial registration for, or qualification to, practice as a health professional in Australia.

The course may be at a certificate, diploma, undergraduate, graduate-entry or postgraduate level.

Professional entry health professional students include medical, dental, nursing, allied health and other diagnostic professions.
