Property attributes

Identifying and definitional attributes

Property: [Date of cancer staging](#)
METEOR identifier: 568595
Registration status:

- [Health](#), Standard 04/02/2015

Definition: The date on which cancer staging is completed.
Cancer staging is a system of determining the extent or stage of cancer. This date should be equal to the date that the latest pathological or clinical testing required to determine staging occurred. Should the staging be based on surgical findings the date should be equal to the date of the relevant surgery.
