# Data element attributes

## Collection and usage attributes

**Guide for use:** A person will receive multiple invites to participate in disease screening over a number of years when they are in the target age group. This data element records a count of the number of times a person has been invited to participate.

For example, in the National Bowel Cancer Screening Program (NBCSP) a person will be invited to participate at age 50, 55, 60 and 65.
