Aboriginal and Torres Strait Islander standalone substance use services social and emotional wellbeing services cluster

Identifying and definitional attributes

Metadata item type: Data Set Specification

METEOR identifier: 575499

Registration status: Indigenous, Standard 16/09/2014

DSS type: Data Element Cluster

Scope: Aboriginal and Torres Strait Islander standalone substance use services take a holistic approach to health, in recognition that an individual's social and emotional wellbeing is integral to their health. Social and emotional wellbeing is a broad concept that can be difficult to define. It incorporates mental health, but in an Indigenous context may also include issues around cultural, spiritual and social wellbeing. It encompasses not just individual wellbeing but also family and community wellbeing.

The Aboriginal and Torres Strait Islander standalone substance use services social and emotional wellbeing services cluster describes aspects of the social and emotional wellbeing of Aboriginal and Torres Strait Islander standalone substance use clients, during the reporting period.
