Episode of residential care—number of substance use residential treatment/rehabilitation episodes of care

Identifying and definitional attributes

Metadata item type: Data Element Concept

METEOR identifier: 576294

Registration status: Indigenous, Standard 16/09/2014

Definition: The number of residential treatment and/or rehabilitation episodes of care

provided for substance use issues.

Object Class attributes

Identifying and definitional attributes

Object class: Episode of residential care

Definition: The period of care between the start of residential care (either through the formal

start of the residential stay or the start of a new reference period) and the end of the residential care (either through the formal end of residential care or the end of the

reference period, i.e. 30 June).

Specialisation of: Service episode

Collection and usage attributes

Comments: For <u>residents</u> provided with care intended to be on an overnight basis. This may

occasionally include episodes of residential care that unexpectedly ended on the same day as they started (for example, the resident died or left against advice) or

began at the end of the reference period (i.e. starting care on 30 June).

Property attributes

Identifying and definitional attributes

Property: Number of substance use residential treatment/rehabilitation episodes of care

Definition: A count of episodes of care commencing at admission into a residential

treatment/rehabilitation program for substance use issues and ending at discharge

from residential care.

Property group: <u>Service provision event</u>
