Mental health non-government organisation grants cluster

Identifying and definitional attributes

Metadata item type:	Data Set Specification
METEOR identifier:	585981
Registration status:	Health , Superseded 16/01/2020
DSS type:	Data Element Cluster
Scope:	These data elements are used in conjunction with each other to describe the grants paid to mental health non-government organisations for each mental health service type. They are collected together and reported as the total grants, expressed in Australian dollars, made to mental health non-government organisations by state/territory governments during the collection period against each reported type of mental health service.

Collection and usage attributes

Guide for use:

The Mental health non-government organisation grants cluster comprises two data elements that in combination describe the grants paid to mental health non-government organisations for each mental health service type during a collection period.

This is achieved by the combination of the two data elements: [Mental health non-government organisation—service type, code N\[N\]](#) and [Mental health non-government organisation—grants to non-government organisations, total Australian currency N\[N\(8\)\]](#)

The Mental health non-government organisation grants cluster describes the following information:
