Data element attributes

Collection and usage attributes

Comments:	<p>In the past, this variable along with charge (SVC_CHRG_AMT) has caused some confusion. The Schedule Fee is the fee used in calculating Medicare benefits for services provided, while the charge is the fee charged by the provider. The charge may be above, below or equal to the Schedule Fee for a particular item.</p> <p>Schedule fees are usually adjusted on 1 November each year.</p>
