<b>Comments:</b>	<p>The NWAU is the unit for counting activity used in the nationally consistent Activity Based Funding system introduced under the National Health Reform Agreement 2011 (NHRA).</p> <p>The 'average' hospital service is funded by one NWAU. More intensive and expensive activities are funded by multiples of NWAUs, and simpler and less expensive activities are funded by fractions of an NWAU.</p> <p>There are four funding streams:</p> <ul style="list-style-type: none"><li>• Emergency department (ED)</li><li>• Acute admitted</li><li>• Subacute</li><li>• Non-admitted</li></ul> <p>This measure excludes patients whose services are not eligible for Commonwealth funding under the NHRA, such as patients funded by the Department of Veterans' Affairs (DVA), private sources (self-funded, privately insured) or motor vehicle accident insurance.</p>
