Value domain:	Text X[X(19)]
METEOR identifier:	310424
Registration status:	Community Services (retired) , Standard 06/02/2012 Disability , Standard 13/08/2015 Health , Standard 05/10/2016 WA Health , Standard 19/03/2015
Definition:	A combination of alphanumeric characters.

Representational attributes

Representation class:	Text
Data type:	String
Format:	X[X(19)]
Maximum character length:	20

Data element attributes

Collection and usage attributes

Guide for use:	The identifier entered into this field indicates the identifier of the person who has similar identifying information to the person represented by this identifier.
Comments:	When two identifiers have similar identifying information and it has been confirmed that they are not the same entity, they should not be reported as potentially duplicated. The objective of this data element is to support potential duplicate reporting by identifying and confirming that entities with similar information are not duplicates.

Source and reference attributes
