9	Unknown				

Collection and usage attributes

Guide for use: For use in Prisoner health data collections. If this value domain is used with other metadata then 'Unknown' would map to code 8.

Source and reference attributes

Submitting organisation: Australian Institute of Health and Welfare

Data element attributes

Collection and usage attributes

Guide for use: A pregnancy is the carrying of a developing embryo or foetus which has been confirmed by medical test with or without the assistance of a medical professional. Pregnancy includes both those which were carried full term and those which were aborted or miscarried.

Note that the birth does not have to have occurred in the prison grounds, but also includes hospitals. However, the birth must occur while the mother was a prisoner.
