

Prison dischargee smoking status cluster

Identifying and definitional attributes

Metadata item type:	Data Set Specification
METEOR identifier:	625820
Registration status:	<ul style="list-style-type: none">• Health, Standard 28/04/2016
DSS type:	Data Element Cluster
Scope:	The Prison dischargee smoking status cluster defines a prison dischargee's history of tobacco use, current smoking status and the quit smoking programs available and used in prisons.

Collection and usage attributes

Guide for use:	The Prison dischargee smoking status cluster comprises 7 data elements that, in combination, determine a prison dischargee's history of tobacco use, current smoking status and assistance to quit smoking.
Collection methods:	Information on a prison dischargee's history of tobacco use, smoking status and assistance to quit smoking are collected from prisoners who are to be discharged from the prison system in the following 4 weeks from the date of data collection, on the National Prisoner Health Data Collection Prison Discharge form.
