# Person—consumption of 6 or more standard drinks on one occasion, AUDIT consuming 6 or more standard drinks code N

## Identifying and definitional attributes

|                              |  |
|------------------------------|--|
| <b>Metadata item type:</b>   | Data Element   |
| <b>Short name:</b>           | Consumption of 6 or more standard drinks on one occasion   |
| <b>METEOR identifier:</b>    | 625881   |
| <b>Registration status:</b>  | <a href="#">Health</a> , Standard 28/04/2016   |
| <b>Definition:</b>           | A person's self-reported frequency of consuming six or more standard drinks on one occasion, as represented by a code. |
| <b>Data Element Concept:</b> | <a href="#">Person—consumption of 6 or more standard drinks on one occasion</a>  |
| <b>Value Domain:</b>         | <a href="#">AUDIT consuming 6 or more standard drinks code N</a>   |

## Value domain attributes

### Representational attributes

|                                  |        |
|----------------------------------|--------|
| <b>Representation class:</b>     | Code   |
| <b>Data type:</b>                | Number |
| <b>Format:</b>                   | N      |
| <b>Maximum character length:</b> | 1      |

|                              | Value | Meaning               |
|------------------------------|-------|-----------------------|
| <b>Permissible values:</b>   | 0     | Never                 |
|                              | 1     | Less than monthly     |
|                              | 2     | Monthly               |
|                              | 3     | Weekly                |
|                              | 4     | Daily or almost daily |
| <b>Supplementary values:</b> | 9     | Unknown               |

## Collection and usage attributes

|                       |  |
|-----------------------|--|
| <b>Guide for use:</b> | For use in Prisoner health data collections. If this value domain is used with other metadata 'Unknown' would be mapped to code 8. |
|-----------------------|--|

## Data element attributes

## Collection and usage attributes

|                       |   |
|-----------------------|---|
| <b>Guide for use:</b> | This data element should be used in conjunction with the data elements: <a href="#">Person—alcohol consumption frequency, AUDIT frequency alcohol consumption code N</a> and <a href="#">Person—alcohol consumption amount (self-reported), total standard drinks NN</a> to obtain a score on the Alcohol Use Disorders Identification Test (AUDIT) and consequently obtain a risk of alcohol-related harm. |
| <b>Comments:</b>      | The AUDIT is an alcohol screen that can help identify patients who are hazardous drinkers or have active alcohol use disorders (including alcohol abuse or dependence).   |

**Implementation in Data Set Specifications:** [AUDIT score for risky alcohol consumption cluster](#)  
[Health](#), Standard 28/04/2016

***Conditional obligation:***

Conditional on the person having had an alcoholic drink in the last 12 months.

***DSS specific information:***

This data element refers to prison entrants only.

The AUDIT contains the question 'How often do you have six or more standard drinks on one occasion?' The Prisoner Health Information Group amended the question wording for the National Prisoner Health Census to 'In the last 12 months how often did you have six or more standard drinks on one occasion?'

[AUDIT-C score of risky alcohol consumption cluster \(dischargee\)](#)

[Health](#), Standard 28/04/2016

***Conditional obligation:***

Conditional on the person having had an alcoholic drink prior to their current incarceration.

***DSS specific information:***

This data element refers to prison dischargees only.

The AUDIT contains the question 'How often do you have six or more standard drinks on one occasion?' The Prisoner Health Information Group amended the question wording for the National Prisoner Health Census to 'Prior to your current incarceration, how often did you have six or more standard drinks on one occasion?'
