Prison dischargée—continuing care plan after release for health condition, code NN

Identifying and definitional attributes

Metadata item type:	Data Element
Short name:	Continuing care plan after release for health condition
METEOR identifier:	626110
Registration status:	Health , Standard 28/04/2016
Definition:	The type of health condition for which a prison dischargée has a plan to continue care after release from prison, as represented by a code.

Data element concept attributes

Identifying and definitional attributes

Data element concept:	Prison dischargée—continuing care plan after release for health condition
METEOR identifier:	626115
Registration status:	Health , Standard 28/04/2016
Definition:	The type of health condition for which a prison dischargée has a plan to continue care after release from prison.
Object class:	Prison dischargée
Property:	Continuing care plan after release for health condition

Source and reference attributes

Submitting organisation:	Australian Institute of Health and Welfare

Value domain attributes

Identifying and definitional attributes

Value domain:	Health condition code NN
METEOR identifier:	626071
Registration status:	Health , Superseded 29/05/2024
Definition:	A code set representing the type of health condition.

Representational attributes

Representation class:	Code	
Data type:	String	
Format:	NN	
Maximum character length:	2	
Permissible values:	Value	Meaning
	01	Diabetes
	02	Psychological/mental health condition
	03	Skin condition (excluding cancer and communicable diseases)

04	Alcohol or drug use problems
05	Musculoskeletal injury
06	Musculoskeletal condition (excluding arthritis, injury or cancer)
07	Cardiovascular disease
08	Respiratory condition (excluding asthma or cancer)
09	Communicable disease
10	Dental issues
11	Digestive condition
12	Asthma
13	Sensory conditions (including ear and eye conditions)
14	Neurological conditions
15	Malignancy/cancer
16	Arthritis
17	Women's health conditions
18	Have not been diagnosed with any health condition
99	Other

Collection and usage attributes

Guide for use: Multiple options may be selected.

CODE 01 Diabetes

Diabetes includes Type 1 diabetes, Type 2 diabetes and gestational diabetes.

CODE 02 Psychological/mental health condition

Psychological/mental health condition includes depression, anxiety, psychosis, substance abuse, attention deficit/hyperactivity, adjustment, dissociation, impulse disorder, personality disorder or sleeping disorder, and other issues related to mental health.
