INTER-COUNTRY ADOPTION

An intercountry adoption is an adoption of a child/children by a person/couple habitually resident in Australia from a country other than Australia who is legally able to be placed for adoption, but who generally has had no previous contact or relationship with the adoptive parents. Inter-country adoptions are broken down into the following categories:

CODE 3 Hague intercountry adoption

A Hague intercountry adoption is where the adoptive child's country of origin has ratified or acceded to the Hague Convention on Protection of Children and Co-operation in respect of Intercountry Adoption, and the applicant(s) file was sent after the Convention entered into force in this country.

CODE 4 Non-Hague intercountry adoption

A non-Hague intercountry adoption is where the Hague Convention on Protection of Children and Co-operation in respect of Intercountry Adoption has not entered into force in the adoptive child's country of origin before the applicant(s) file was sent.
