Definition:	Total number of service operation weeks.

Representational attributes

Representation class:	Total
Data type:	Number
Format:	N[N]
Maximum character length:	2
Supplementary values:	<ul style="list-style-type: none">90 No regular pattern of operation through a year99 Not stated/inadequately described
Unit of measure:	Week

Collection and usage attributes

Guide for use:	A week is measured from 12:00AM (midnight) Monday morning to 11:59PM the following Sunday. If a service operates within this period then it is counted as having operated during that week. Therefore if an agency operates for only a short time for one of the days within a week, it is counted as operating during that week.
