

Emergency department stay—presentation time, hhmm

Identifying and definitional attributes

Metadata item type:	Data Element
Short name:	Time patient presents
METEOR identifier:	684603
Registration status:	<ul style="list-style-type: none">• Health, Superseded 20/10/2021• Tasmanian Health, Standard 25/05/2020
Definition:	The time at which a patient presents for the delivery of an emergency department service, expressed as hhmm.
Data Element Concept:	Emergency department stay—presentation time

Value domain attributes

Representational attributes

Representation class:	Time
Data type:	Date/Time
Format:	hhmm
Maximum character length:	4

Source and reference attributes

Reference documents:	Standards Australia 2007. AS ISO 8601-2007 Data elements and interchange formats—Information interchange—Representation of dates and times. Sydney: Standards Australia.
-----------------------------	--

Data element attributes

Collection and usage attributes

Guide for use:	The time of patient presentation at the emergency department is the time of first recorded contact with an emergency department staff member. The first recorded contact can be the commencement of the clerical registration or triage process, whichever happens first.
