|---------------------------|-----------|
| Representation class:     | Date      |
| Data type:                | Date/Time |
| Format:                   | DDMMYYYY  |
| Maximum character length: | 8         |

## Data element attributes

## Collection and usage attributes

|                |   |
|----------------|---|
| Guide for use: | <p>If a resident is formally discharged (<a href="#">Episode of residential care—episode end mode, code N</a>, code 4) while on leave from a residential mental health care service, the end date of the episode should be the date that leave commenced. For example, if a resident goes on leave on 9 July and is formally discharged without returning on 18 July, the end date of the episode is 9 July.</p> <p>If a resident fails to return from leave (<a href="#">Episode of residential care—episode end mode, code N</a>, code 3), then the residential stay ends on the date that leave commenced.</p> |
|----------------|---|
