Indigenous primary health care: PI15a-Number of regular clients with Type II diabetes or chronic obstructive pulmonary disease (COPD) who are immunised against influenza, 2018-2019

Identifying and definitional attributes

Metadata item type: Indicator

Indicator type: Output measure

Short name: PI15a-Number of regular clients with Type II diabetes or chronic obstructive

pulmonary disease (COPD) who are immunised against influenza, 2018-2019

METEOR identifier: 687982

Registration status: Health, Superseded 16/01/2020

Indigenous, Superseded 14/07/2021

Description: Number of regular clients who are Indigenous, aged 15-49, are recorded as having

Type II diabetes or chronic obstructive pulmonary disease (COPD) and are

immunised against influenza.

Indigenous primary health care key performance indicators 2018-2019

Health, Superseded 16/01/2020 Indigenous, Superseded 14/07/2021

Collection and usage attributes

Population group age

from:

15 years

Population group age to: 49 years

Computation description: Count of regular clients who are Indigenous, are recorded as having Type II

diabetes or COPD and are immunised against influenza.

'Regular client' refers to a client of an Australian Government Department of Healthfunded primary health-care service (that is required to report against the Indigenous primary health care key performance indicators) who has an active medical record; that is, a client who has attended the Department of Health-funded primary health-

care service at least 3 times in 2 years.

A client is considered to be immunised against influenza if they have received an

influenza vaccination within the previous year.

Presented as a number.

Calculated separately for Type II diabetes and COPD.

Computation: Numerator only.

Numerator: Calculation A: Number of regular clients who are Indigenous, aged 15 to 49, are

recorded as having Type II diabetes and are immunised against influenza.

Calculation B: Number of regular clients who are Indigenous, aged 15 to 49, are

recorded as having COPD and are immunised against influenza.

Numerator data elements:
