	Value	Meaning
Permissible values:	1	Agency worker
	2	Health professional
	3	Non-government agency
	4	Family, friends, carers
	5	Self-identified
	6	Other
Supplementary values:	9	Not stated/inadequately described

Collection and usage attributes

Guide for use:	<p>CODE 1 Agency worker</p> <p>The person appears to the agency worker to have an undiagnosed mental health condition.</p> <p>CODE 2 Health professional</p> <p>The person has been diagnosed with a mental health condition by a doctor, nurse or other health professional.</p> <p>CODE 3 Non-government agency</p> <p>A non-government agency offering disability support programs, or a local community support program, whose target population includes those with a mental illness.</p> <p>CODE 4 Family, friends, carers</p> <p>Family, carers, or friends who know the applicant well, and are concerned that the person may have an undiagnosed mental illness.</p> <p>CODE 5 Self-identified</p> <p>The person reports that they have a mental illness but does not have contact with specialised mental health service or other relevant service providers at this point in time.</p> <p>CODE 6 Other</p> <p>There is information to indicate the person has a mental health condition but the source of information is not included in the list above.</p>
-----------------------	---

Data element attributes

Collection and usage attributes

Collection methods:	<p>The permissible values for this data element are used to form the response categories to the question:</p> <p>"Is there additional information about the client, either formal or informal, that indicates a mental health condition?"</p>
Comments:	<p>This data element is based on the PHaMs (Personal Helpers and Mentors Program) screening tool; it is a useful flag for mental health issues where more accurate evidence is not available.</p>

Relational attributes

Related metadata references:	<p>Supersedes Person—source of information on a mental health condition, code N Homelessness, Superseded 10/08/2018</p> <p>Housing assistance, Standard 23/08/2010</p> <p>See also Person—source of information on a mental health issue, yes/no/not stated/inadequately described code N Homelessness, Standard 10/08/2018</p>

Implementation in Data Set Specifications: [Specialist Homelessness Services NMDS 2019-Homelessness](#), Standard 10/08/2018

Conditional obligation:

In the Specialist Homelessness Services NMDS, this data element is conditional on the client providing consent to release their personal data to the Australian Institute of Health and Welfare. The data element [Client—consent indicator, yes/no code N](#) must receive a response of Yes (Code 1).

It is also conditional on a response of Yes (Code 1) to [Person—source of information on a mental health condition, Yes/no/not stated/inadequately described code N](#).

DSS specific information:

In the Specialist Homelessness Services NMDS, this data element is collected at the date of presentation. This data element is collected from the perspective of the agency worker. The agency worker may answer this question based on their personal observations, or from information volunteered by the client. If the client does not agree to answer the questions which require consent, the agency worker will be unable to report this information.
