Includes all cases of perceived discrimination at a health service, on the basis of factors such as age, sex, disability, religion or culture, and cases where a health service was not sought because of a perceived lack of cultural consideration (for example, lack of appropriate interpreter services), or no service provider of similar cultural background available.

CODE 03 Felt at the time I didn't need/want to/couldn't be bothered

Includes cases where a health service was not sought because a person either felt that seeking a health service was unnecessary, a person did not want to seek a health service, or a person lacked motivation to seek a health service.

CODE 04 Transport/distance

Includes cases where a health service was not sought either due to lack of available transport to attend the service or the distance required to attend a health service was perceived as being too great.

CODE 07 Too busy

Includes cases where the person was too busy to seek a health service for example, work, personal or family responsibilities.

CODE 08 Legal issues (police custody, court, watchhouse)

Includes cases where the person did not seek a health service for legal reasons for example fear of likely arrest, actual arrest, appearance in court or being in custody.

CODE 09 Affected by alcohol or other drugs (including from prescribed drugs)

Includes cases where the person did not seek a health service because they were intoxicated as a result of drug use, alcohol consumption or other causes.

CODE 10 Unable to access at time required (lock down)
