# National Healthcare Agreement: Pl 20b—Waiting times for elective surgery: proportion seen on time, 2019

# Identifying and definitional attributes

Metadata item type: Indicator

Indicator type: Progress measure

**Short name:** PI 20b—Waiting times for elective surgery: proportion seen on time, 2019

METEOR identifier: 698900

**Registration status:** Health, Superseded 13/03/2020

**Description:** The percentage of patients removed from elective surgery waiting lists who

received surgery within the clinically recommended time, by urgency category.

Indicator set: National Healthcare Agreement (2019)

Health, Superseded 13/03/2020

Outcome area: Hospital and Related Care

Health, Standard 07/07/2010

National Health Performance Authority (retired), Retired 01/07/2016

# Collection and usage attributes

**Computation description:** <u>Elective surgery</u> as defined in the Elective Surgery Waiting Times National

Minimum Data Set (NMDS).

Waiting time is as defined in <u>Elective surgery waiting list episode—waiting time (at removal)</u>, total days N[NNN]. Calculated by jurisdictions by subtracting the listing date for care from the removal date, minus any days the patient was waiting with a less urgent clinical urgency category than their clinical urgency category at removal, and excluding days where the patient was not ready for care.

Waiting times are calculated for patients whose reason for removal was:

1. Admitted as an elective patient for awaited procedure by or on behalf of this hospital or the state/territory

2. Admitted as an emergency patient for awaited procedure by or on behalf of this hospital or the state/territory

For the purposes of reporting, patients are reported as the final urgency category they were when treated. When a patient's urgency category changes, existing NMDS business rules will apply.

Analysis by state and territory based on location of service.

Presented as a percentage.

**Computation:** 100 x (Numerator ÷ Denominator)

**Numerator:** Number of patients removed from elective surgery waiting lists who received

surgery within the clinically recommended time.
