Data element attributes

Collection and usage attributes

Guide for use:

CODE 1 In person

The allied health service provider delivers the service in the physical presence of the person, family, carer or guardian (i.e., in the same room).

CODE 2 Telephone communication

The allied health service provider delivers the service using a telephone. This may include teleconference.

CODE 3 Video communication

The allied health service provider delivers the service using video technology where both the person and the provider ends are able to be seen via video. This may include, but is not limited to videoconference platforms and skype.

CODE 4 Mail communication (including post and e-mail)

The allied health service provider delivers the service via mail.

CODE 8 Other
