

Health of the Nation Outcome Scale score code N

Identifying and definitional attributes

Metadata item type: Value Domain

METEOR identifier: 717797

Registration status:

- [Health](#), Standard 17/01/2020

Definition: A code set representing the severity of psychiatric symptoms of an individual aged 18 to 64 years.

Representational attributes

Representation class: Code

Data type: Number

Format: N

Maximum character length: 1

Permissible values:

Value	Meaning
-------	---------

0	No problems within the period stated
1	Minor problem requiring no action
2	Mild problem but definitely present
3	Moderately severe problem
4	Severe to very severe problem

Supplementary values:

8 Unknown

Collection and usage attributes

Guide for use:

CODE 8 Unknown

This code should be used for HoNOS values that are missing or recorded in the HoNOS tool as '7 - Not stated/missing' and '9 - Unknown'.

The Health of the Nation Outcome Scale (HoNOS) is used to rate adult mental health service users. Together, the scales rate various aspects of mental and social health.

HoNOS is answered on an item-specific anchored 5-point scale with higher scores indicating more problems. Each scale is assigned a value of between 0 and 4, or 8 for unknown. The twelve scales are as follows:

- Behavioural disturbance
- Non-accidental self injury
- Problem drinking or drug use
- Cognitive problems
- Problems related to physical illness or disability
- Problems associated with hallucinations and delusions
- Problems associated with depressive symptoms
- Other mental and behavioural problems
- Problems with social or supportive relationships
- Problems with activities of daily living
- Overall problems with living conditions
- Problems with work and leisure activities and the quality of the daytime environment.

The sum of the individual scores of each of the scales (excluding supplementary value 8 Unknown) represents the total HoNOS score. The total HoNOS score ranges from 0 to 48, and represents the overall severity of an individual's psychiatric symptoms.
