## Data element attributes

## Collection and usage attributes

**Guide for use:** Mental health carer workers are persons employed (or engaged via contract) on a part-time or full-time basis, i.e. the person received a salary or contract fee on a regular basis. It does not refer to arrangements where the carer worker only received reimbursements of expenses or occasional sitting fees for attendance at meetings.

Mental health carer workers employed at the jurisdictional or regional level are considered in-scope. Salary costs should be apportioned between all establishments, as deemed appropriate by the jurisdiction (full-time-equivalent staff figures should be apportioned on the same basis).

**Collection methods:** Note: This code is only to be reported for the Mental Health Establishments NMDS.

For Public hospital establishments NMDS data are to be reported in a category according to specific state and territory arrangements.
