

# Service integration infrastructure

## Identifying and definitional attributes

**Metadata item type:** Glossary Item

**METEOR identifier:** 721775

**Registration status:**

- [Health](#), Standard 16/01/2020

**Definition:** Service integration infrastructure includes services that provide infrastructure integration to establish a 'one stop shop' service platform that brings together an appropriate range of mental health-related services, both existing and new, which aim to improve the mental well-being and social participation of people with mental illness.

**Context:** Mental health non-government organisation establishments service type taxonomy.

## Collection and usage attributes

**Guide for use:**

*Distinguishing features:*

- Provides the administrative and capital infrastructure to facilitate the co-location of mental health-related services, rather than coordination of care for individual consumers
- The focus is the coordination of services, rather than on direct service provision

*Inclusions:*

- Service coordination

*Exclusions:*

- Care coordination for individual consumers (these are reported under [Care coordination](#))
- Any type of service delivery to individual consumers
