Specialised mental health service—residual expenditure (mental health research), total Australian currency N[N(8)]

Identifying and definitional attributes

Metadata item type:	Data Element
Short name:	Residual expenditure (mental health service)—mental health research
METEOR identifier:	722131
Registration status:	Health , Standard 16/01/2020
Definition:	Expenditures by specialised mental health services that cannot be directly related to programs operated by a particular organisation or service unit (that is, can only be indirectly related to a particular organisation or service unit). It refers to expenditure on basic or applied research in the mental health field funded by the organisation, region or state/territory administration.

Data element concept attributes

Identifying and definitional attributes

Data element concept:	Specialised mental health service—residual expenditure (mental health research)
METEOR identifier:	295534
Registration status:	Health , Standard 08/12/2004
Definition:	Expenditures by specialised mental health services that cannot be directly related to programs operated by a particular organisation or service unit (that is, can only be indirectly related to a particular organisation or service unit). It refers to expenditure on basic or applied research in the mental health field funded by the organisation, region or state/territory administration.
Context:	Specialised mental health service: to improve and substantiate financial reporting in relation to residual mental health care expenditure and assist in understanding differences in costs for similar specialised mental health service in different states or territories and regions, where these cost differences are due to differences in the extent to which support services and other services to residents/admitted patients and outpatients of an organisation or service unit may be provided by the organisation or service unit itself or by other bodies
Object class:	Specialised mental health service
Property:	Residual expenditure

Data element attributes

Collection and usage attributes

Guide for use:	Excludes payments to non-government organisations for services that are to be reported separately. These are payments for accommodation services, advocacy services, community awareness services, counselling services, independent living skills support services, pre-vocational training services, psychosocial support services, recreational services, respite services, self-help support group services and other unspecified services payments.
Collection methods:	<p>Residual mental health expenditure is to be reported only at the level at which the expenditure occurred (state/territory, region or organisational), and should not be counted at more than one level. Expenditure should be reported for these categories, where applicable:</p> <p>Report research expenditure for this category only where the research operated independently and where that expenditure is not reported elsewhere. Where the research activity occurs as an integral component of service delivery (e.g. in cases where research staff are also clinical staff within a hospital unit), the expenditure should be reported under the relevant service unit (at the organisation-level).</p>
