National Core Maternity Indicators: PI 09—General anaesthetic for females giving birth by caesarean section, 2020

Identifying and definitional attributes

Metadata item type:	Indicator
Indicator type:	Indicator
Common name:	General anaesthetic for females giving birth by caesarean section
Short name:	PI 09—General anaesthetic for females giving birth by caesarean section, 2020
METEOR identifier:	728730
Registration status:	Health , Superseded 17/12/2021
Description:	The proportion of all females who gave birth by caesarean section and had a general anaesthetic.
Rationale:	This indicator is used to benchmark anaesthetic care in association with caesarean section.
Indicator set:	National Core Maternity Indicators, 2020 Health , Superseded 17/12/2021

Collection and usage attributes

Computation description:	<p>The number of females who gave birth by caesarean section and had a general anaesthetic, divided by the number of females who gave birth by caesarean section and recorded a permissible value for general anaesthetic, and multiplied by 100.</p> <p>A birth is defined as the complete expulsion or extraction from a female, of a product of conception of 20 or more completed weeks of gestation or of 400 grams or more birthweight.</p> <p>Caesarean section is an operative procedure to remove the baby through an incision through the female's abdomen and uterus.</p> <p>Included are those females who gave birth by caesarean section.</p> <p>Excluded are those females who gave birth through the vagina.</p>
Computation:	$100 \times (\text{Numerator} \div \text{Denominator})$
Numerator:	The number of females who gave birth by caesarean section and had a general anaesthetic.

Disaggregation:

- Year of birth
- State or territory of birth
- Mother's age at birth
- Hospital annual number of births
- Hospital sector
- Remoteness category (from mother's area of usual residence)
- Indigenous status of mother
- Labour/non-labour
- Primary Health Network (from mother's area of usual residence)
- Statistical local area 3 (from mother's area of usual residence)
