Establishment—full-time equivalent health professional trainees, total staff N[NNN{.N}]

Identifying and definitional attributes

Metadata item type:	Data Element
Short name:	Total health professional trainee FTE
METEOR identifier:	731536
Registration status:	Health , Standard 05/02/2021
Definition:	The total number of full-time equivalent health professional trainees in an establishment.
Context:	Teaching and training in public hospitals.
Data Element Concept:	Establishment—full-time equivalent health professional trainees
Value Domain:	Total full-time equivalent staff N[NNN{.N}]

Value domain attributes

Representational attributes

Representation class:	Total
Data type:	Number
Format:	N[NNN{.N}]
Maximum character length:	5
Unit of measure:	Full-time equivalent (FTE) staff

Data element attributes

Collection and usage attributes

Guide for use:	Health professional trainees includes graduate or postgraduate/vocational trainees. FTE should be counted as a ratio of hours and rounded to the nearest one decimal place. To calculate the total health professional trainee FTE, determine the average total FTE in the financial year by collecting an FTE count at the end of each month in the financial year, summing the monthly counts, and then dividing that number by 12.
