Person—family violence screening status, code N

Identifying and definitional attributes

Metadata item type:	Data Element
Short name:	Family violence screening status
METEOR identifier:	733542
Registration status:	Health , Standard 03/12/2020
Definition:	Whether a person has received screening for family violence , as represented by a code.
Data Element Concept:	Person—family violence screening status
Value Domain:	Screening status code N

Value domain attributes

Representational attributes

Representation class:	Code	
Data type:	Number	
Format:	N	
Maximum character length:	1	
	Value	Meaning
Permissible values:	1	Yes
	2	Not offered
	3	Declined
Supplementary values:	9	Not stated/inadequately described

Source and reference attributes

Submitting organisation:	National Perinatal Data Development Committee
---------------------------------	---

Data element attributes

Collection and usage attributes

Guide for use:

Screening for family violence is conducted using a validated screening tool, which is an instrument that has been psychometrically tested for reliability, validity and sensitivity e.g., the Humiliation, Afraid, Rape, Kick (HARK) tool.

CODE 1 Yes

This value should be used if the person was screened using a validated screening tool.

CODE 2 Not offered

This value should be used if the person was not offered screening using a validated screening tool.

CODE 3 Declined

This value should be used if the person declined screening using a validated screening tool.

CODE 9 Not stated/inadequately described

This value should be used if the data is missing or illegible.
