**Implementation in Data Set Specifications:** [K10 Screening Scale for Psychological Distress last 4 weeks cluster Health](#), Standard 09/12/2022

***Conditional obligation:***

Conditional on there being no CODE 1, "none of the time" responses to [Person—self-assessed mental health status, symptom frequency scale code N](#), recording questions 1-10 of the K10+ survey.

***DSS specific information:***

This data element collects data on the length of time a person was partially unable to function specifically because of their feelings.

This data element represents question 12 of the K10+ survey and asks:

12. [Aside from those days], in the past 4 weeks, how many days were you able to work or study or manage your day-to-day activities, but had to cut down on what you did because of these feelings?

Permissible values include: 00-28 for 0-28 days

i.e., single digits should be expressed with a leading zero.

Supplementary values include: 99 for Not stated/missing.
