Indigenous-specific primary health care: PI09a- Number of Indigenous regular clients who have smoking status recorded, December 2020

Identifying and definitional attributes

Metadata item type:	Indicator
Indicator type:	Output measure
Short name:	PI09a-Number of Indigenous regular clients who have smoking status recorded, December 2020
METEOR identifier:	739361
Registration status:	Indigenous , Superseded 03/07/2022
Description:	Number of Indigenous regular clients aged 15 and over whose smoking status has been recorded at the primary health-care organisation within the previous 24 months.
Rationale:	Smoking has been identified as one of the key risk factors contributing to the burden of disease for Indigenous Australians. It is important that Indigenous primary health-care organisations know the smoking status of clients in order to provide appropriate medical care.
Indicator set:	Indigenous-specific primary health care national key performance indicators December 2020 Indigenous , Superseded 03/07/2022

Collection and usage attributes

Population group age from:	15 years and over.					
Computation description:	Count of Indigenous regular clients aged 15 and over whose smoking status has been recorded within the previous 24 months at the primary health-care organisation. Presented as a number. Results arising from measurements conducted outside of the organisation, which are known by the organisation, are included in the calculation of this indicator. Operationalisation of smoking status: Where an Indigenous regular client's tobacco smoking status does not have an assessment date assigned within the Clinical Information System (CIS), smoking status as recorded in the CIS should be treated as current (i.e. as having been updated within the previous 24 months).					
Computation:	Numerator only.					
Numerator:	Number of Indigenous regular clients aged 15 and over whose smoking status has been recorded within the previous 24 months at the primary health-care organisation.					
Numerator data elements:	<table><tr><th>☐ Data Element / Data Set</th></tr><tr><td>Person—age, total years N[NN]</td></tr><tr><td>Data Source</td></tr><tr><td>Aboriginal and Torres Strait Islander specific primary health care national Key Performance Indicators (nKPI) data collection</td></tr><tr><td>NMDS / DSS</td></tr></table>	☐ Data Element / Data Set	Person—age, total years N[NN]	Data Source	Aboriginal and Torres Strait Islander specific primary health care national Key Performance Indicators (nKPI) data collection	NMDS / DSS
