<b>DSS type:</b>	Data Element Cluster
<b>Scope:</b>	The Client file cluster contains demographic information on young people under youth justice supervision.

## Collection and usage attributes

<b>Guide for use:</b>	The client file contains demographic information on all young people under youth justice supervision in Australia. This information assists with analysing and describing the characteristics of young people under supervision. The person identifier within this file is used to link young people with their legal orders (in the order file cluster) and periods of detention (in the detention file cluster). The linkage between these files allows further analyses of young people under supervision, and the characteristics of their supervision periods.
