

# Establishment—number of hospital patient days under *Staphylococcus aureus* bloodstream infection surveillance

**Metadata item type:** Data Element Concept  
**METEOR identifier:** 754298  
**Registration status:**

- [Health](#), Standard 10/06/2022

**Definition:** The number of patient days in a hospital covered by [Staphylococcus aureus bloodstream infection \(SABSI\)](#) surveillance arrangements, as reported by an establishment during a specified reference period.

## Object Class attributes

### Identifying and definitional attributes

**Object class:** [Establishment](#)  
**Definition:** Institutions, organisations or the community from which health services are provided. The term establishment covers conventional health establishments and also organisations which may provide services in the community.  
**Specialisation of:** [Organisation](#)

### Source and reference attributes

**Origin:** National Health Data Committee

## Property attributes

### Identifying and definitional attributes

**Property:** [Number of hospital patient days under Staphylococcus aureus bloodstream infection surveillance](#)  
**Definition:** A count of all hospital patient days covered by [Staphylococcus aureus bloodstream infection \(SABSI\)](#) surveillance arrangements reported during a specified reference period.  
**Property group:** [Performance indicators](#)
