Implementation in Data Set Specifications: [Online Services Report \(OSR\) DSS 2020–21](#)
[Indigenous](#), Standard 07/04/2024

Implementation start date: 01/07/2020

Implementation end date: 30/06/2021

DSS specific information:

In the OSR DSS, this data element is stored in the Health Data Portal (HDP) as part of the administrative information about the [funded organisation](#) and is managed by the Department of Health. Funded organisations do not report this for each data collection but are asked to contact the Department of Health to correct the information if it is incorrect. The governance model forms part of the AIHW OSR dataset.

The funded organisations in the OSR are generally primary health care organisations, however some organisations are only funded for a specific program or for a specific primary health service within a larger organisation (such as to provide maternal and child health programs within hospitals, health services, or primary health networks).
