Service delivery site—24-hour emergency care flag

Identifying and definitional attributes

Metadata item type:	Data Element Concept
METEOR identifier:	756026
Registration status:	Indigenous , Standard 07/04/2024
Definition:	A flag of whether a service delivery site offers 24 hour emergency care.

Object Class attributes

Identifying and definitional attributes

Object class:	Service delivery site
Definition:	A site from which an organisation, or sub-unit of an organisation, delivers a health/community service.

Collection and usage attributes

Guide for use:	Required to identify the sites that provide health/community services, as distinguished from administration centres. In addition, some organisations provide services from one or more sites. Identification of sites from which health care or community services are delivered facilitates assessment of the accessibility of services to the population.
