Collection and usage attributes

CODE 1 Centre based day care

Centre based day care (known as Long day care prior to 2 July 2018) is a centre-based form of child care service providing all-day or part-time care for children of working families and the general community (services may cater to specific groups within the general community). For-profit and not-for-profit organisations, local councils, community organisations and employers may run these services.

Centre based day care primarily provides services for children aged 0–5 years. Some centre based day care may also provide early childhood education and kindergarten programs and care for school children before and after school and during school holidays, where state and territory government regulations allow this. The service may operate from stand-alone or shared premises, including those on school grounds.

CODE 2 Occasional care

Occasional care, comprises services usually provided at a centre on an hourly or sessional basis for short periods or at irregular intervals for parents who need time to attend appointments, take care of personal matters, undertake casual and part time employment, study or have temporary respite from full time parenting. These services provide developmental activities for children and are aimed primarily at 0–5 year olds. Centres providing these services usually employ a mix of qualified and other staff.

CODE 3 Outside school hours care

Outside School Hours Care, comprises services that provide care for school aged children before school, after school, during school holidays, and on pupil free days. Outside school hours care may use stand-alone facilities, share school buildings and grounds and/or share facilities such as community halls.

CODE 4 Vacation care

Vacation Care, comprises services provided for school aged children during school holidays only.

CODE 5 Family day care

Family day care, comprises services providing small group care for children in the home environment of a registered carer. Care is primarily aimed at 0–5 year olds, but primary school children may also receive care before and after school, and during school holidays. Educators work in partnership with scheme management and coordination unit staff.

CODE 6 In-home care

In-home care, comprises services where an approved carer provides care in the child's home. Families eligible for in-home care include families where the parent/s or child has an illness or disability; families in rural or remote areas; parents working shift work or non-standard hours; families with more than two children from a multiple birth and/or more than two children under school age; and families where a breastfeeding mother is working from home.

CODE 7 Early childhood education program

[Early childhood education program](#), comprises services providing a structured, play-based learning program, aimed at children in the year or two before they commence full-time schooling. The terms most commonly used to describe early childhood education programs which are subject to the PRA in states and territories are:

- Kindergarten – Queensland, Victoria, Western Australia, Tasmania.
- Preschool – New South Wales, South Australia, Northern Territory, Australian Capital Territory.
