***DSS specific information:***

This data element is reported twice:

- for mammograms conducted in the last 2 years, and
- for mammograms conducted during the current time in prison

This data element is included in the Prisoner health NBEDS as the National Prisoner Health Indicators include the indicator: Proportion of prison dischargers reporting that their mental health improved or stayed the same while in prison.

This data element corresponds to the following question of the Prison Discharge Form:

53a. Have you had a mammogram in the past 2 years?

53b. Did you receive this mammogram during your current time in prison?
