Guide for use:

CODE 1 Approved

This code is used to reflect the final decision whereby the aged care provider is approved either for the first time, or re-approved after having been previously revoked or suspended.

CODE 2 Revoked by Department

This code is used where previous approval for an aged care provider has been revoked by the Department of Health and Aged Care following a decision based on the provider's performance against legislation on the responsibilities of approved aged care providers.

For example, approval may be revoked following the issuing of a Sanction to provider, or where a provider fails to agree with a Notice to Agree. Approval may also be revoked where the aged care provider's application for approval contained misleading information, where the approved provider ceases to be a corporation, and where the approved provider ceases to be suitable for approval.

CODE 3 Revoked by Provider

This code is used where previous approval has been revoked or relinquished by the aged care provider, or approval has lapsed.

CODE 4 Suspended

This code is used where previous approval for an aged care provider has been suspended following review and monitoring of the provider's performance against legislation on the responsibilities of approved aged care providers.

CODE 97 Not Applicable

This code is used where aged care providers do not require approval to operate, such as under the Commonwealth Home Support Programme or the National Aboriginal and Torres Strait Islander Flexible Aged Care Program.

Guide for use:

Approval status may reflect the initial approval for a provider to deliver Australian Government-subsidised in-home, residential or flexible aged care services.

(There is a four-stage assessment process to approve a provider to deliver Australian Government-subsidised in-home, residential or flexible aged care services.)

It may also reflect subsequent modifications made to the approval status as a result of changes arising from review and monitoring of the provider's performance against legislation.

This information is collected and reported by the Australian Government.
