Collection and usage attributes

Guide for use: CODE 1 Inadequate

This code applies where there is a current sanction or Notice to Agree issued to the aged care service indicating the service is inadequate. A sanction can be issued where action has not been taken within the agreed timeframe or where there is continued non-compliance. This corresponds to a one dot rating out of four.

CODE 2 Significant improvement needed

This code applies where the aged care service has been issued a non-compliance notice. This notice reflects significant improvements are needed in order for the service to retain approval to provide care. This corresponds to a two dot rating out of four.

CODE 3 Some improvements needed

This code applies where there are some areas for improvement identified in the most recent quality assessment for the aged care service. This corresponds to a three dot rating out of four.

CODE 4 Meets requirements

This code applies where there are no areas for improvement identified in the most recent quality assessment of an aged care service. This corresponds to a four dot rating out of four.

CODE 97 Not applicable

This code applies where the service compliance rating is not applicable to the service.

Collection Methods: The performance of each aged care service has a dot rating out of four. This shows if it is meeting its compliance requirements for quality and safety. Four dots mean there were no areas for improvement identified in the most recent quality assessment.
