# Image - Publish

## Exported from METEOR (AIHW's Metadata Online Registry)

# Image - Publish

## Definition

The ability to Publish, Draft or Retire a Image

## Obligation

Mandatory completion.

## Development rules

### Yes (Publish)

**Access:** Only available to a Registration Authority Member. For Site Content this is a Site Administrator.

**Visibility:** Published Files and Images can be viewed and downloaded by the public (for non-private workgroups) as well as re-used throughout other content items.

**Download:** Able to be downloaded

### No (Draft)

**Access:** Available to Workgroup Developers and Site Developers.

**Visibility:** Draft Files and Images cannot be viewed by non-workgroup members
If a Published File or Image has a Draft available, it will render the Published upload only.

**Download:** Unable to be downloaded until Published.

### Retire

File is no longer visible or to be used throughout METEOR. Only Workgroup users can view the item.
