Service event—data estimated indicator, yes/no/not stated/inadequately described code N[N]

Exported from METEOR (AIHW's Metadata Online Registry)

Service event—data estimated indicator, yes/no/not stated/inadequately described code N[N]

Identifying and definitional attributes

Metadata item type:	Data Element
Short name:	Estimated service event data indicator
METEOR identifier:	788775
Registration status:	Children and Families, Standard 04/04/2024
Definition:	An indicator of whether data relating to a service event have been estimated, as represented by a code.
Context:	Child protection.
Data Element Concept:	Service event—data estimated indicator
Value Domain:	Yes/no/not stated/inadequately described code N[N]

Value domain attributes

Representational attributes

Representation class:	Code	
Data type:	Boolean	
Format:	N[N]	
Maximum character length:	2	
	Value	**Meaning**
Permissible values:	1	Yes
	2	No
Supplementary values:	99	Not stated/inadequately described

Collection and usage attributes

Guide for use:	CODE 99 Not stated/inadequately described
	This code is not for use in primary data collections.

Source and reference attributes

Submitting organisation:	Australian Institute of Health and Welfare

Data element attributes

Collection and usage attributes

| **Guide for use:** | CODE 1   Yes |
| | |

To be used when data relating to a service event have been estimated.

CODE 2   No

To be used when data relating to a service event have not been estimated.

CODE 99   Not stated/inadequately described

To be used when the information is not stated or otherwise inadequately described (e.g. when a response has not been recorded.)

Implementation in Data Set Specifications:

[Child protection DSS 2022–23](#)
     [Children and Families,](#) Standard 04/04/2024
Implementation start date: 01/07/2021
Implementation end date: 30/06/2023
DSS specific information:

In the Child Protection DSS this data element is collected with the [Safety in care (SC) file cluster.](#)

This data element is collected with the element [Service event—living arrangement type, at time of abuse code N[N]](#), and records whether an estimated living arrangement at the time of abuse was used.

Code 99 'Not stated/inadequately described' should be used if the associated 'Living arrangement' data is unable to be provided.
