Aboriginal and Torres Strait Islander specific primary health care national key performance indicators June 2024

Identifying and definitional attributes

Metadata item type:	Indicator Set
Indicator set type:	Other
METEOR identifier:	789144
Registration status:	Indigenous , Standard 27/04/2024
Description:	<p>As part of the National Indigenous Reform Agreement (NIRA), the (then) Council of Australian Governments (COAG) agreed that the (then) Australian Government Department of Health and Ageing, in partnership with the state and territory health departments and in collaboration with the Australian Institute of Health and Welfare (AIHW), would develop a set of Key Performance Indicators for Aboriginal and Torres Strait Islander (First Nations) specific primary health care organisations.</p> <p>The purpose of the Aboriginal and Torres Strait Islander specific primary health care national Key Performance Indicators (nKPIs) is to provide reporting organisations with data that they can use for continuous quality improvement (CQI) and are based on best practice/clinical guidelines in three areas which are important for the health of First Nations people:</p> <ul style="list-style-type: none">• maternal and child health• preventative health• chronic disease management. <p>The data are also used at a national level to support policy, planning and progress (for example to consider progress against the COAG Closing the Gap targets, and support the national health goals set out in the National Aboriginal and Torres Strait Islander Health Plan 2021–2031).</p> <p>The population of interest in the nKPIs is the First Nations regular client population of First Nations-specific primary health care organisations or maternal and child health programs/services funded by the Department of Health and Aged Care under its Indigenous Australians' Health Programme (IAHP), referred to as funded organisations.</p> <p>From June 2023 'First Nations' became the preferred terminology within the AIHW. Please note that material published prior to this date may use the word 'Indigenous'. Terms such as 'Aboriginal and Torres Strait Islander', 'Aboriginal' or 'Indigenous' may also be used when referring to the name of an organisation or Program.</p>

[First Nations-specific primary health care: PI20b-Proportion of First Nations regular clients who have the necessary risk factors recorded to assess absolute cardiovascular disease \(CVD\) risk, June 2024](#)

[Indigenous](#), Standard 27/04/2024

[First Nations-specific primary health care: PI21a-Number of First Nations regular clients who have an absolute cardiovascular disease \(CVD\) risk assessment result within a specified level, June 2024](#)

[Indigenous](#), Standard 27/04/2024

[First Nations-specific primary health care: PI21b-Proportion of First Nations regular clients who have an absolute cardiovascular disease \(CVD\) risk assessment result within a specified level, June 2024](#)

[Indigenous](#), Standard 27/04/2024

[First Nations-specific primary health care: PI22a-Number of female First Nations regular clients who have a cervical screening \(HPV\) test, June 2024](#)

[Indigenous](#), Standard 27/04/2024

[First Nations-specific primary health care: PI22b-Proportion of female First Nations regular clients who have a cervical screening \(HPV\) test, June 2024](#)

[Indigenous](#), Standard 27/04/2024

[First Nations-specific primary health care: PI23a-Number of First Nations regular clients with type 2 diabetes who have a blood pressure measurement result recorded, June 2024](#)

[Indigenous](#), Standard 27/04/2024

[First Nations-specific primary health care: PI23b-Proportion of First Nations regular clients with type 2 diabetes who have a blood pressure measurement result recorded, June 2024](#)

[Indigenous](#), Standard 27/04/2024

[First Nations-specific primary health care: PI24a-Number of First Nations regular clients with type 2 diabetes who have a blood pressure measurement result within a specified category, June 2024](#)

[Indigenous](#), Standard 27/04/2024

[First Nations-specific primary health care: PI24b-Proportion of First Nations regular clients with type 2 diabetes who have a blood pressure measurement result within a specified category, June 2024](#)

[Indigenous](#), Standard 27/04/2024

[First Nations-specific primary health care: PI25a-Number of First Nations regular clients who have a test for one or more sexually transmissible infections, June 2024](#)

[Indigenous](#), Standard 27/04/2024

[First Nations-specific primary health care: PI25b-Proportion of First Nations regular clients who have a test for one or more sexually transmissible infections, June 2024](#)

[Indigenous](#), Standard 27/04/2024

[First Nations-specific primary health care: PI26a-Number of First Nations regular clients aged 0–14 years who have a completed ear health check recorded, June 2024](#)

[Indigenous](#), Standard 27/04/2024

[First Nations-specific primary health care: PI26b-Proportion of First Nations regular clients aged 0–14 years who have a completed ear health check recorded, June 2024](#)

[Indigenous](#), Standard 27/04/2024

Collection and usage attributes

National reporting arrangement:

Each organisation funded by the Department of Health and Aged Care that is required to provide data to the nKPIs should record service provision in clinical information management systems that allow the electronic transmission of data for the [Aboriginal and Torres Strait Islander specific primary health care national best endeavours data set](#) (ATSISPHC NBEDS), to be used in the calculation of the indicators. Exceptions may be made for organisations that do not have compatible clinical information management systems to manually upload data.

Reporting organisations provide nKPI data twice a year, with the census dates of 30 June and 31 December. Data submission is conducted via the Department of Health and Aged Care's Health Data Portal.

Implementation start date: 01/01/2024

Implementation end date: 30/06/2024

Comments: This indicator set relates to the 6 month period from 1 January 2024 to 30 June 2024; however, the period of data covered varies by indicator.
